## Clamp clip, single, plastic pressure trough, ALU

Item number: 1183222

Suitable for all C profile rails with 16–17 mm slot width; aluminium ALMg 3 clamp and bolt, polypropylene pressure sleeve, halogen-free, colour light grey RAL 7035.

The clamp clips 2056/ALU, in the version for one cable according to VDE 0298-1, are suitable for individual routing of single-wire cables in rotary current networks, as there is no closed circuit. However, the lower mechanical resistance of the aluminium clips must be taken into account for short circuits, i.e. keep the distance between the clips as short as possible in a longitudinal direction and ensure sufficient side spacing between the cables.  
(Metal pressure troughs on request.)

**Alu** Aluminium
