

Technical data sheet

PYROMIX® dry mortar in paper sack

Item no. 7206104

Mortar to create cable and combination insulation in solid walls and ceilings. Suitable for pumping, pressing and for manual installation. Adding approx. 6 litres of water to 20 kg of dry mortar produces about 20 litres of workable compound. In dry, frost-free rooms, the dry mortar can be stored for at least 12 months in closed original containers.

Special mortar
