

Technical data sheet

PYROMIX® dry mortar in bucket

Item number: 7206058

Mortar to create cable and combination insulation in solid walls and ceilings. Suitable for pumping, pressing and for manual installation. Adding approx. 3 litres of water to 10 kg of dry mortar produces about 10 litres of workable compound. For interior application.

In dry, frost-free rooms, the dry mortar can be stored for at least 12 months in closed original containers.

Special mortar

Master data		
	Item number	7206058
