Technical data sheet

Height-adjustable, decouplable cassette for inspection opening, stainless steel
Item number: 7409601

Height-adjustable and decouplable square cassette for floor-flush and seamless device installation in underfloor connection boxes UZD 250-4 (minimum installation depth 161 mm)/UGD55 250-3 (minimum installation depth 136 mm). Suitable for all cement screeds. Cassette frame with integrated lined body and height-adjustment function. The height of the cassette frame is adjusted to the top edge of the floor covering using four slots. Suitable for dry-, moist- or wet-cleaned floors. The cassette is fixed in the mounting cover by fastening brackets during screed/Terrazzo work and is decoupled in all directions in the installed state. The cassette frame is made of stainless steel with a 25 mm-deep floor covering recess in the lid. Only suitable for smooth floor coverings.
Height-adjustable cassette with blanking cover. The scope of delivery contains an aluminium screed protection cover (grindable), a suitable mounting lid to fix the cassette lined body and an ISO apron for decoupling from the underfloor connection socket.

IP 55

A2 Stainless steel

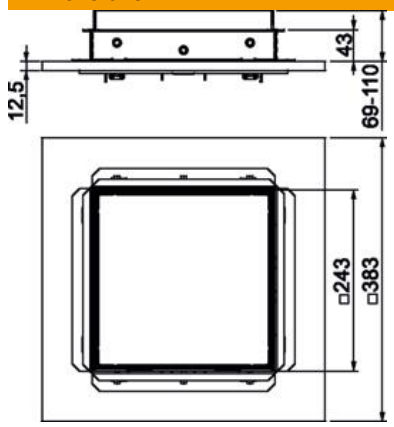

Master data

Item number	7409601
Type	TRKN 9 VS 250
Description 1	Cassette for seamless floors
Description 2	rectangular, blank
Manufacturer	OBO
Dimension	243x243x118
Material	Stainless steel
Smallest sales unit	1
Unit of quantity	Piece
Weight	724.2 kg
Weight unit	kg/100 pc.
CO2 Footprint (GWP) Cradle-to-Gate	40,7164 kg CO2e / 1 Piece
